

# Fox Elementary Schedules

Dear Fox Families,

The start of the school year is quickly approaching, so I wanted to share with you **samples** of our Klein Online schedules broken down by grade level. The Klein Online schedules mirror the Klein On Campus schedules. These schedules should be followed by all teachers and students during the initial three weeks of Klein Online and then continue as some students transition to Klein On Campus and others continue their online learning. Schoology will be the platform for K-5 online learning. The Fox staff will conduct Schoology trainings to support our families.

As you review the schedules, please note the following:

- Each teacher will send you a schedule that is specific to their homeroom.
- Instruction for students will include both synchronous and asynchronous instruction.
- Teachers will remain online and available to students during independent/self-paced work time.
- Live lessons will be recorded so students have the opportunity to view them at a later time for additional support.
- There are two schedules for each grade level to allow for a time for teacher teams to meet in professional learning communities (PLC). During PLC time, grade level teams along with administrators will analyze data, plan, discuss student progress and intervention groups, and participate in professional learning.
- IMPACT/Intervention Time: Students will be invited to participate in additional direct instruction for intervention or enrichment. Otherwise this will be a time for students to complete and submit work.

**The schedule is color-coded as follows:**

<b>Teal</b>	Live Instruction via Zoom
<b>Gray</b>	<b>Independent/Self-Paced Work</b> Teachers will conference with students and pull small groups. When your child is not in a small group, he/she will be working on assignments in Schoology or activities designed by the teacher. Teachers will communicate with parents to let them know who will meet in the small group and on which days.
<b>White</b>	<b>Specials Time</b> Students will access Art/Music/PE on their scheduled day(s). The link to specials will be embedded in Schoology. These lessons may be live or pre-recorded lessons. This will be the teachers' conference period. <b>Breaks and Transitions</b> This time includes lunch, recess/creative play, and transitions.

Citizenship/Social Skills/Social Emotional Learning will be included in morning announcements, community circles, social studies, library, and counselor lessons.

Attendance will be taken as usual and systems will be in place to assist working families. Students who receive special services may have individual schedules that are adjusted by their teachers. All of us at Fox are looking forward to an amazing school year, and we are committed and working hard to personalize learning, whether students choose Klein Online or Klein On Campus.

# FOX Developmental Student Schedule

Time	Tuesday	Wednesday	Thursday	Friday
Before 8:00	Let's get ready! Log into Schoology			
8:00-8:15	Watch/Listen to Morning Announcements			
8:15-8:35	<b>Whole Class Live Meeting</b>
